**“BUILDING THE FUTURE
WITH INTEGRITY AND QUALITY”**

LEGO Construction is a SBA HUBZone and 8(a) certified Florida General Contractor established in 2006. Over the past decade, we have brought an unparalleled value to our clients which has helped us develop and sustain robust partnerships. The customer-focused values of the team have earned LEGO Construction repeat clients through commitment to delivering solutions based on mutual goals, trust, and communication. We understand our achievement is based on ensuring customer satisfaction that is ultimately accomplished through performing and completing successful projects, every time.

LEGO Construction's core of skilled professionals and engineers consistently deliver high-quality construction at a competitive price. As a small business, our success is dependent on our ability to focus on attention to detail which is demonstrated through our portfolio featuring projects of all levels of complexity. Our standard operations include general construction, repairs, renovation, demolition, remediation, and historical restoration.

Jackson Health System
Broward Health System
Baptist Health

HEALTHCARE

Over the last decade, LEGO Construction has emerged as an unparalleled player in the healthcare construction industry. With established relationships with some of the most notable healthcare systems in South Florida, our team works efficiently and effectively to ensure that all patients and staff feel comfortable and uninterrupted by our presence. Our primary concern in healthcare construction is to ensure patient health by taking special care in factors such as infection control and debris confinement. From Bone Marrow Transplant patient areas to Operating Rooms to Neonatal Intensive Care Units, LEGO Construction works carefully and promptly in high traffic areas that require faster turnovers than any other construction environment.
